STATEMENT OF CONCERN

Amigos Library Services always has held a leadership role in library resource sharing. As a member-led organization, member libraries benefit from a variety of services, including consortium pricing for resources, discounts from a variety of vendors, consulting services, and continuing education. Amigos need to build on its strengths and continue to identify new areas of service for its member libraries. Member libraries are indeed fortunate to have Amigos as a partner to help each of us achieve our goals and support our individual library missions. If elected, I would look forward to helping Amigos continue as a valued partner in serving the needs of member libraries.
