STATEMENT OF CONCERN

Thank you for considering me as a candidate for the Amigos Board of Directors. I feel honored to be nominated for this important role and the responsibility that goes with this position.

My concern is that Amigos will continue to provide opportunities and resources for libraries to strengthen their ability to serve their communities. This integral part of the Amigos' mission must be supported by its leaders so that current resources, such as the courier system, conferences, and training sessions continue to expand and grow, along with providing a high standard of quality in these programs. It is important that Amigos continues to strive to be good stewards of both monetary and physical resources as members continue to struggle with their own library budgets. It is also important that Amigos looks toward the future, being open to new technology, resources and ideas, staying on top of the fast-changing library world.

I work well with others, am dedicated to service-oriented library programs, have experience with budgets and planning, and am highly enthusiastic when it comes to anything that supports libraries! It is wonderful that librarians are such a large part of the Amigos Board and it would be a privilege to serve you by representing the members and needs of the Amigos library community.
