STATEMENT OF CONCERN

“Alone we can do so little; together we can do so much.” – Helen Keller

My concern is to continue to enact the Amigos Library Services Plan 2020 and advocate for its core values. These core values are very similar to those that I have pushed for throughout my career – strong governance, continuous improvement, responsiveness, cost-effectiveness, innovation, connectedness, growth and a strong user orientation.

Collaboration in the pursuit of knowledge has defined libraries since their inception, and Amigos serves as a sterling example of our collective strength and intelligence. I would be honored to serve.
