Academic Reference Databases

Core Academic Reference Shelf

Credo Reference: Academic Core

Enhance students' research experience through authoritative reference content on every major subject and a user-friendly, one-stop exploratory search platform that drives usage of all of your trusted library resources.

Bloom's Literature

An invaluable source of literary criticism and reference, featuring articles from scholarly resources, full-length videos of classic dramas, guidance on writing about literature, essay topics, poems, interviews, citations, and more.

World News Digest

A vast archive of articles providing context and background to today's news, with eight decades of authoritative news summaries and background articles in a dynamic, topic-based presentation.

Polling the Nations

Public opinion polls—perfect for research, debates, and discussions—featuring the full text of 700,000+ questions and responses from 18,000+ surveys and 1,700+ polling organizations in the U.S. and around the world.

Issues & Controversies

The ultimate resource for objective analysis of hot topics in politics, society, law, culture, and other crucial areas through timely, in-depth pro/con articles; provocative debate videos; NPR audio files; court cases; and more.

Today's Science

Bridges the gap between the science taught in class and science in the news, giving students the critical-thinking skills to comprehend and analyze real-world science. Coverage spans important advances in all fields of science.

Information Literacy – Core

Broaden your library's instructional reach with standards-aligned multimedia content that can be used in courses, one-shot sessions, and at the point of need.

Information Literacy – Core uses innovative technology and proven pedagogy to build essential information literacy and critical-thinking skills that will help students thrive in their academic careers and beyond. Furthermore, the Credo Insights analytics tool allows you to measure student outcomes and demonstrate the value of foundational skills instruction at your institution.

HIGHLIGHTS

- **Teach students essential foundational skills** that are shown to impact retention, GPA levels, graduation rates, and overall student success.
- **Engage users with high-quality videos and tutorials** on topics of profound importance to their current studies and lifelong goals.
- **Simplify collaboration with faculty** by providing in-demand instructional content that is easy to embed in LMSs and LibGuides.
- **Save time and resources** compared to creating materials from scratch.
- **Use multimedia** to “flip the class.”

Information Literacy – Health Science

Extend your library's reach with teaching materials that can be used in health science courses, one-shot sessions, and at the point of need. The health sciences rank among higher education's most in-demand fields, and this instruction platform will help ensure these students acquire the foundational skills necessary for academic and career success. Furthermore, the Credo Insights analytics tool allows you to measure student outcomes and demonstrate the value of library instruction at your institution.

HIGHLIGHTS

- **Teach undergraduate and graduate students essential foundational skills** that are shown to positively impact retention, GPA levels, graduation rates, and overall student success.
- **Engage users with high-quality videos and tutorials** on topics of profound importance to their current studies and lifelong goals.
- **Simplify collaboration with faculty** by providing instructional content that is easy to embed in LMSs and in LibGuides.
- **Save time and resources** compared to creating materials from scratch and keeping them updated.
- **Use multimedia** to “flip the class.”

Career-Focused Video Collections

Allied Health 450+ Titles

This collection will help prepare future allied health professionals for practice across a diverse range of health care settings, whether they are learning how to draw blood, administer medications, or help deliver a baby. The videos include titles from trusted producers such as Elsevier, NEVCO, Center for Phlebotomy Education, Classroom Productions, and others.

Veterinary 300 Titles

This collection is designed to help veterinary and veterinary tech students gain a strong foundation in animal anatomy, physiology, and behavior while learning basic veterinary procedures and an understanding of the workplace.

Nursing 1,100+ Titles

This important collection is designed not only to help nursing students excel in their studies and pass licensure exams, but also to prepare them for long-term job success in an increasingly complex health care system. It features titles from trusted producers such as Medcom-Trainex, Elsevier, Cengage Learning/Concept Media, NEVCO, Wolters Kluwer Health, Institute for Professional Care Education/Medifecta, and others.

Physical Therapy 275+ Titles

This collection will help physical therapy students learn and practice crucial techniques in ways textbooks alone cannot. These instructional videos from such trusted producers as Wolters Kluwer Health, Castalia Media, Healthy Learning, and PESI, Inc., cover a wide range of physical therapy interventions and examinations—from stretching techniques to wrapping a shin splint—and much more.

Exclusive Film Collections

680+ full-length feature films for classroom use

This high-interest collection focuses on both current and hard-to-find titles for educational instructional purposes, including dramas, literary adaptations, blockbusters, classics, science fiction, foreign films, social issues, animation studies, Academy Award® winners, and more. A great complement to any U.S. *Films On Demand* subscription as a stand-alone collection. Available only in the United States.

World Cinema

1,050+ notable films from around the globe

This unique collection includes the best of the silent era, groundbreaking international directors, masterpieces from the mid-20th century, and contemporary films from around the world. The collection shines a light on the history of cinema while also providing a glimpse into the cultures and issues of countries worldwide. All foreign language films are accompanied by English subtitles.
