STATEMENT OF CONCERN

Thank you for considering me as a candidate for the Amigos Board of Directors. I feel both honored and privileged to be nominated for this important role.

During my first term on the Amigos Board of Directors, I learned a tremendous amount about the Amigos mission and practical operations. I would like the opportunity to utilize this knowledge during a second term.

My concern for Amigos is that it,

1) Remain responsive to the needs of its member libraries, 2) Remain focused on the end result of enabling its member libraries to provide outstanding services to the people in their communities, and 3) Continue to be both frugal and judicious in the expenditure of the scarce dollar resources that are entrusted to it by its member libraries.

Among the personal qualities that I can offer to this position are,

1) Significant experience, 2) Focused practicality, 3) Dedication to service based library programs, 4) A practitioner's understanding of emerging information technology, and 6) Common sense.
