

The only printing solution designed specifically for - and with - libraries

## WHAT IS PRINCH?

**Princh** is a user-friendly printing solution made for libraries (and budgets) of all sizes. Our cloud-based printing solution is fast and easy to install, and will run alongside your current library management system.

**Princh** also helps to reduce paper waste, by requiring payment before printing. Our integrated electronic payment allows users to complete self-service printing, saving time for staff.
